

Call for papers

Transactions of Nanjing University of Aeronautics and Astronautics

Transactions of Nanjing University of Aeronautics and Astronautics (TNUAA) is a peer-reviewed bimonthly journal, covering cutting edge theories and technologies in aeronautics, astronautics and civil aviation. It has been indexed by many international databases, including Ei Compendex, Scopus, CSCD, EBSCO and other important academic data providers.

The Acting-Chief-Editor of Issue 1, 2022, **Prof. Lifeng WANG from Nanjing University of Aeronautics and Astronautics (NUAA)**, will be in charge of the organization and supervision of this issue.

Manuscripts in a full length of 8-15 pages focused on mechanics are welcome in this issue.

TNUAA provides special convenience for manuscripts of this issue:

- (1) Fast publication. Accepted papers will have fast publishing (Issue 1 will be published before March 10, 2022).
- (2) Free charge. Accepted papers with professors or senior researchers as the first authors will be exempted from publication charges.
- (3) Special promotion channel. We have established a strong promotion channel for highlighted papers. For example, readers who visit prestigious journals' websites, like Nature, Science, AIAA journals, and IEEE Transactions in related fields, can simultaneously browse papers in TNUAA and access the full text page in TNUAA's website.

Important dates

- ✧ Submission deadline: January 10, 2022.
- ✧ Review completion date: February 10, 2022.
- ✧ Publication date: March 10, 2022.

Submission Instructions

Manuscripts should be submitted via the website <http://tnuaa.nuaa.edu.cn>. The authors could find submission instructions through <http://tnuaa.nuaa.edu.cn/njhkhten/site/menus/20190905152541001>.
